Scoring goals is the main aim of the game for the **GOAL SHOOTER**. They are only allowed into the attacking third.

The **GOAL ATTACK** sneaks into all sorts of pockets of space in the centre and attacking thirds of the court.

The **WING ATTACK** is the little helper every shooter needs. They are allowed into the centre and attacking thirds but cannot go into the goal circle.

The **CENTRE** is a speedy all-rounder who moves everywhere on court except the shooting circles.

The **WING DEFENCE** goes where the Wing Attack goes in the centre and defensive thirds of the court with their main aim to stop the WA from getting the ball.

The **GOAL DEFENCE** works together with the GK to stop the GA and GS from shooting goals in the goal circle.

The **GOAL KEEPER** is the very last line of defence on the netball court.
