LEAGUE FORMAT AND RULES

Parental Care Policy

In addition to the player payments which include private health insurance contributions of up to \$2,667 per annum, per player, League athletes are entitled to a parental care policy for players with young children and 100% income protection on all earnings for up to two years in the event of injury or pregnancy.

The policy allows players with infants (aged 12 months or younger) to travel to matches with their children and a carer at the expense of the club. Further support is also provided to any older child who is being breastfed by the athlete.

A player who falls pregnant is guaranteed to be paid for the term of their contract, or a two year period, whichever comes first. Through this agreement, the player will be required to continue to carry out off-court activities for the club, including marketing and ambassadorial roles.

Squad Lists and Training Partners

Each Suncorp Super Netball club has 10 contracted athletes. In addition, clubs must contract a number of Training Partners, including four training partners, who are classified as Nominated Athletes. Clubs can also contract as many other Training Partners as desired.

Nominated Athlete Training Partners can only be utilised as a temporary replacement player for their nominated club. However, they are available to become a permanent replacement player of any Suncorp Super Netball club.

Match Format

Each match will consist of 4 quarters

Each quarter is played over 15 minutes, with the following intervals between quarters:

First quarter break = 5 minutes

Half-time break = 15 minutes

Third quarter break = 5 minutes

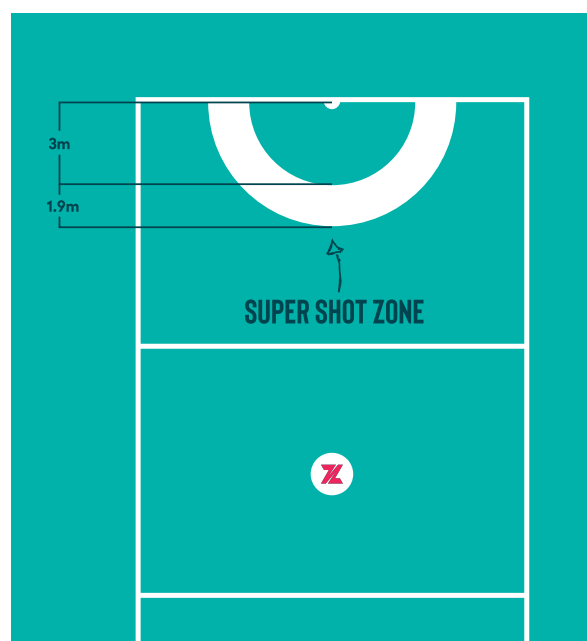

Rolling Substitutes

Matches in all Regular Season and Finals Series will now have rolling substitutes

- Teams can make substitutions during play, as well as during stoppages and intervals.
- There is no limit to the number of substitutions that can be made, and multiple substitutions can be made at any time.
- Play will not to be held for substitutions and must take place through the designated substitutions zone in front of the team bench area.
- For a substitution during play, the substitute must tag hands with the player leaving the court before entering the field of play.
- Players must observe the offside rules as they enter/exit the court and make sure they do not interfere with the umpire's movement during the substitution.
- Sanction: a free pass will be given where the ball was when the interference or offside entry/exit occurs.

Super Shot

- A goal is scored when the ball is thrown or batted over and completely through the ring by Goal Shooter or Goal Attack from any point within the goal circle.
- A Super Shot scoring zone will be clearly marked out on all SSN courts with a distinctive decal and will be activated at specific times during a match. Activation of the Super Shot Scoring Zone will be indicated in venue via audible and visual signals. All attempts from the Super Shot scoring zone during the specified times will be called a Super Shot, and two goals will be allocated to the team who successfully scores.
- The Super Shot scoring zone will be activated for the final five minutes of each quarter.
- The Super Shot scoring zone will remain activated for the five-minute extra time period used following a drawn SSN match in regular time.
- The number of goals scored is determined by the place from which the shot is made and includes contact with the ground by the player during the catching and holding of the ball prior to taking the shot. In taking a super shot at goal the player must:
 - a) Have contact with the ground in the Super Shot decal to score two goals and no contact with the ground outside the Super Shot decal either while catching or holding the ball.
 - b) The player may lean on the ball in the goal circle area outside of the Super Shot decal or may roll the ball or pick it up from this area, provided the player makes no physical contact with the ground outside the Super Shot decal.
- Umpires will signal a successful 2 point shot by raising both hands straight above their head.
- The goal circle is divided up as follows:

Coaching from the bench

- At any point in time while play is in progress, any member of the team bench (players and team officials) listed on the official score sheet shall be permitted to move up and down their team bench within the bench zone to communicate with their on-court or off-court players. This allows for more free coaching from the bench.
- Coaches are permitted to enter the substitution zone at any point during the match to provide close-up coaching to the team.

Delaying play/intimidation penalties

- Umpires are not required to caution a player for delaying play or for intimidation, nor do they need use the 'caution' hand signal when issuing a caution.
- Delaying Play: A Penalty Pass shall be awarded which is advanced (unless the non-infringing team is disadvantaged). The sanction may be advanced up to half a third (this may be to inside the goal circle if the infringement is in the goal third). The infringer stands out of play at the new position. If this is in an offside area the infringer moves to the edge of this area.
- Intimidation: Penalty pass awarded.

Time outs

Each team is entitled to request two ninety (90) second time outs per half. This is a set time period, not up to 90 seconds.

The umpire will hold time when an on-court player requests a timeout after a goal is scored, before the centre pass is taken.

During a time out the following rules apply:

- An on-court player may leave the court during the time out, and any bench player listed on the official score sheet may move on to the court during the time out.
- The team coach/es may move to the side of the court to provide coaching during the time out.
- Both teams have the right to make substitutions and/or team changes during the time out.
- Medical treatment may be provided during the time out by the team's primary care personnel and can take place on the court.
- Players are to return to their positions when the umpire blows the 10sec warning whistle. All bench players and team officials must immediately leave the court. Play will not resume until the 90secs has finished.

Ladder system

The points system for the ladder includes bonus points, providing opportunities for quarter by quarter wins. The allocation of points after each match are based on the following;

- The winning team for any one match will be allocated between 5 and 8 points, depending on how many quarters they have won during the match.
- The losing team for any one match will be allocated between 0 and 3 points, depending on how many quarters they have won during the match and the final losing margin.
- Goals scored during extra time are not included in bonus point calculations for the fourth quarter.

RESULTS	POINTS AWARDED
Win	4 points
Draw	2 points
